

EPIC® DATA FFC-SC starter kit

Starter kit as a basic equipment with field-configurable Fibre Fast Connect SC connectors, fibre cleaver, and fibre guide

Starter kit as a basic equipment with field-configurable Fibre Fast Connect SC connectors, fibre cleaver, and fibre guide

Benefits

High-precision fibre cleaver for cutting optical fibres with a straight cut (PC) or angled cut (UPC/APC), achieving ideal return loss values

The maintenance-free cleaver can be used up to 200 times and has a mechanical, visually readable counter

The fibre clamp is used to hold the fibre and prevent it from retracting

With a red marking on the fibre clamp for precise cutoff length

Application range

For the creation of a pluggable fibre optic connection

For field assembly of Fibre Fast Connect SC connectors for GOF optical fibres

Norm references / Approvals

SC connector end faces according to DIN EN IEC 61754-4

Product Make-up

SC 2.5mm ferrule diameter

Terminable to 0.25 - 0.9mm fibres or 2 - 3mm cables

Available in PC, UPC, APC polish types

Compatible with OM3/4 and OS2 fibres

Available as a variant with or without cable assembly kit

Note

Photographs and graphics are not to scale and do not represent detailed images of the respective products.

Prices are net prices without VAT and surcharges. Sale to business customers only.
