

TRONIC Single core cart

Mobile and flexible solutions to unwind, store and transport single core coils and spools.

Info

TRONIC products are optimized for LAPP single core coils H05V-K and H07V-K (Maxi ring) as well as for LAPP single core spools.

Benefits

- Easy and mobile handling and storage of single core Coils and spools and increases occupational safety and tidy workplaces
- Direct bundling of single cores at the operation site leads to efficient assembly
- User-friendly solution because of short setup times due to an easy refill
- No twisting / kinking through horizontal pull
- Mounting of barcodes enables to use kanban solutions , furthermore FLEXIMARK® markings are also possible

Application range

- Transporting, storing and unwinding of single core coils and spools
- Overcoming stairs and other barriers with the Climber version
- All in one compact mobile storage and unwinding solution for the operational site

Product features

- TRONIC module consists of 2 TRONIC boxes mounted on a holder
- TRONIC Single core-cart S12:
- Capacity for 12 to 18 single core spools (depending on spools width)
- Cart with tool holder
- TRONIC Module single core cart Climber with stair climber and optionally a tray for tools (article no.: 85001640)

Technical Data

Dimensions:

Fits for cable rings:
 Cable outer diameter: max. 10 mm
 Coil Diameter: max. 295 mm
 Inner diameter: 80-180 mm
 Height: max. 80 mm

General data:

Max. load per TRONIC: 7 kg
 Max. loading TRONIC Single core-cart S12:
 1. Level: 60 kg
 2. Level: 40 kg
 3. Level: 30 kg

Material:

Painted steel
