

EPIC® H-A 3 MAGD

Innovative metal and plastic housing design

The housing for rectangular connectors has a direct cable entry and pivots for a single lever. The housing is suitable for use in investment construction.

Info

Made in Germany

Supplementary automation components from Lapp

Mechanical and plant engineering

Rail

Wind Energy

Suitable for outdoor use

Good chemical resistance

Flame-retardant

Corrosion-resistant

Mechanical resistance

EPIC® H-A 3 MAGD

Robust

Benefits

The EPIC® H-A 3 series comprises the smallest housings in the heavy-duty industrial connector range and ensures secure connections in the smallest of spaces.

The panel mount housing is mateable to many commercially available grommet housings.

Protective cover protects against environmental influences when not plugged in.

Integrated, internal seal simplifies assembly (no small parts to lose).

The arrow as a new design element on the surface of the housing is easy to feel and simplifies plugging in spatially confined and possibly poorly visible application areas.

Application range

To protect the connector insert from environmental influences.

For use with many EPIC® rectangular connector inserts.

For power supply connection of devices and machines in various applications.

Technical Data

Classification ETIM 5:	ETIM 5.0 Class-ID: EC000437 ETIM 5.0 Class-Description: Housing for industrial connectors
Classification ETIM 6:	ETIM 5.0 Class-ID: EC000437 ETIM 5.0 Class-Description: Housing for industrial connectors
Material:	Housing: powder-coated zinc die-casting, grey Lever: zinc-plated steel Sealing: NBR
Protection rating:	IP 66 / IP 68 1 meter / 10 hours (locked) IP 44 (cover locked)
Temperature range:	-40°C to +100°C, short-term up to +125°C
