EPIC® H-D 25 machined

Multi-pole inserts for machined crimp contacts

The connector insert is ideal for applications requiring a high number of contacts. These can be found, for example, in machine or device manufacturing.

Info
For machined contacts for fast processing with the crimping tool

Mechanical and plant engineering

Space requirement

Robust

Benefits
Inserts of the connector series H-D are designed for applications in which a high number of contacts are required.

Application range
Machine and equipment manufacturing
Control engineering
