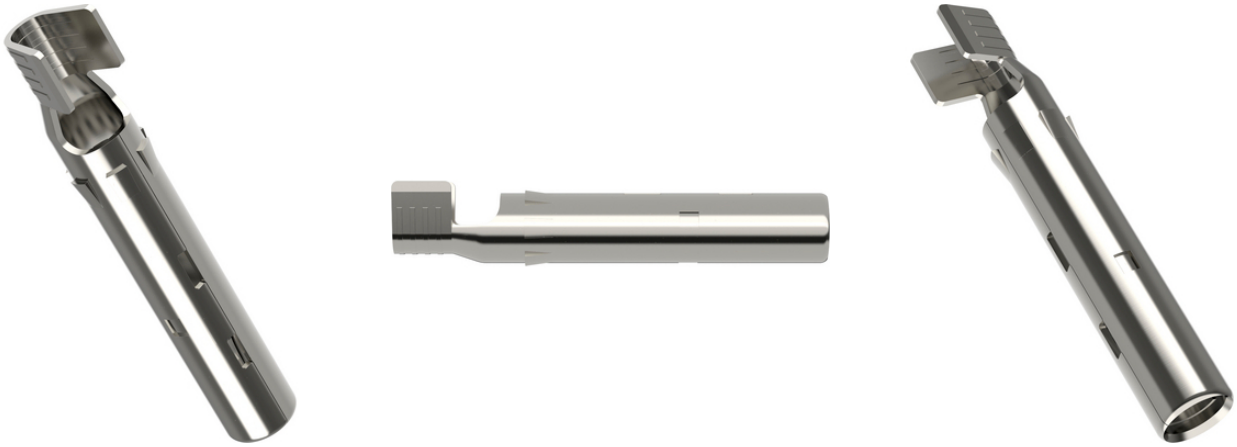
EPIC® SOLAR 4 GEN2 Kontakte

EPIC® SOLAR 4 GEN2

We stay connected. This is definitely the case with our pin and socket contacts for the EPIC® SOLAR 4 GEN2 solar connectors. The crimp contact provides maximum contact reliability between the contact and the cable, and establishes a vibration-resistant connection. Suitable for conductor cross-sections of 4.0 – 6.0 mm2 and automated assembly.

Info
For photovoltaic plants up to 1.5kV system voltage



Benefits
Crimp contact ensures maximum contact reliability between the contact and the cable and establishes a vibration-resistant connection.
Suitable for conductor cross-sections from 4.0 to 6.0 mm².
Large packing unit with 2500 contacts on a roll makes fully automated connector configuration possible.

Application range
For use with EPIC® SOLAR 4 GEN2 solar connectors.

Technical Data

Material:	Brass tin-plated
