

STAR STRIP stripping tool

Stripping tool for cable diameters up to 40 mm, interchangeable hooks, reliable and durable, also for problematic insulation as PTFE, TPE, Fluorpolymere and PUR

Info

Special polished stripping knife is suitable for problematical insulation materials such as PUR, fluoropolymers, glass fibre, TPE and rubber

Benefits

- Large application range thanks to the interchangeable hooks
- Suitable for circular, longitudinal and spiral cuts
- High quality of the blade ensures a good stripping result also for tough insulation materials
- Robust body, long durability- tested for more than 100.000 stripping operations
- High ergonomics and user-friendliness (inter alia due to a lightweight construction)

Application range

Adjustable stripping tool for round cables made with various insulation materials (as PVC, PTFE, rubber or PUR)
Through the interchangeable hooks, the tool can be used for cables with a diameter of 4.5 - 25 mm and 20 - 40 mm

Product features

- The depth of the blade is adjustable by rotating the upper part of the tool
- Specific locking positions for circular, longitudinal or spiral cuts
- The blade automatically returns to its start position at the end of a stripping process, thus reducing the possibility of breaking the blade.
- No special tool is required to replace the hook (other hook is used for releasing the assembled hook)

Note

Spare blades are available and can be stored in a compartment of the tool

Included

61735820: Tool with blade, small and large hook without spare blade
